

Many different kinds of animals live on the savanna of Africa, including the African elephant, giraffe, lion, zebra, and cheetah.

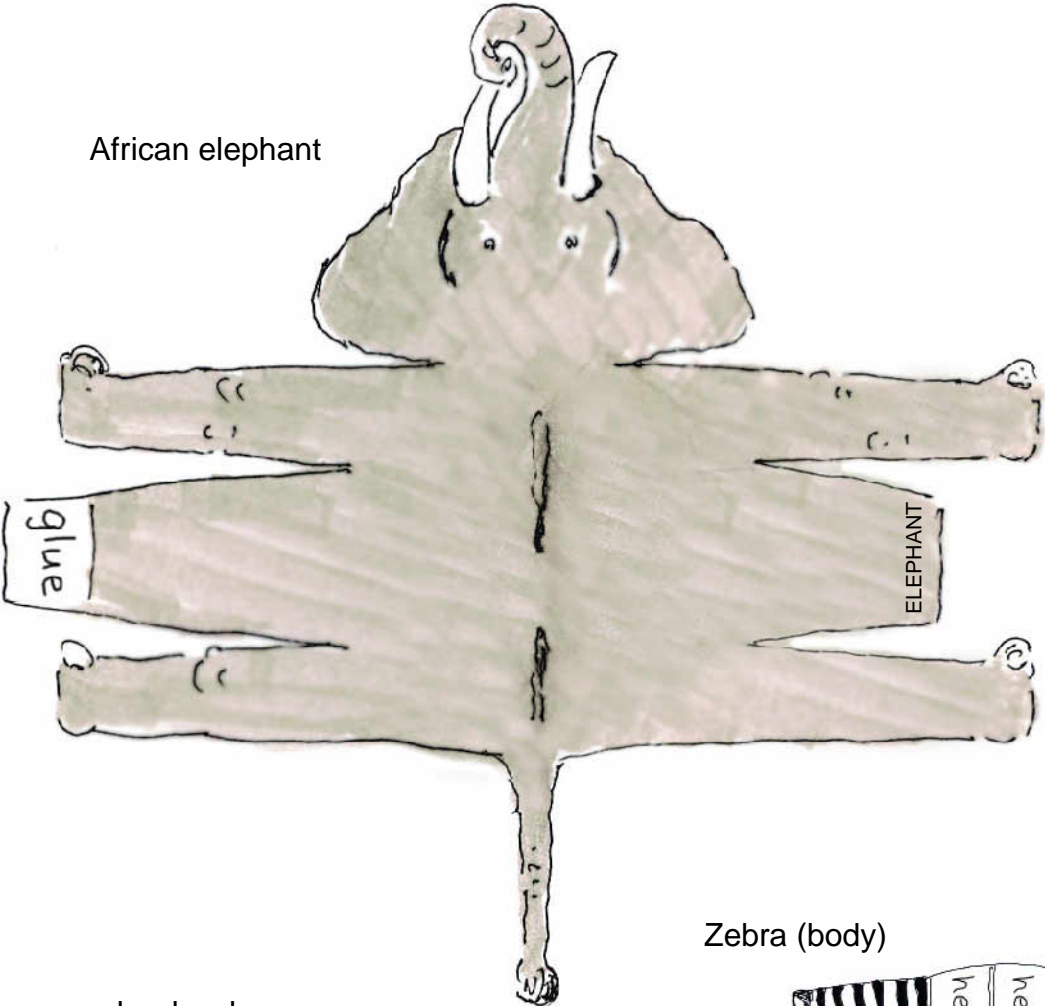

Let's go on a Papercraft safari!

* A savanna is a large, subtropical plain, such as is found in Africa.

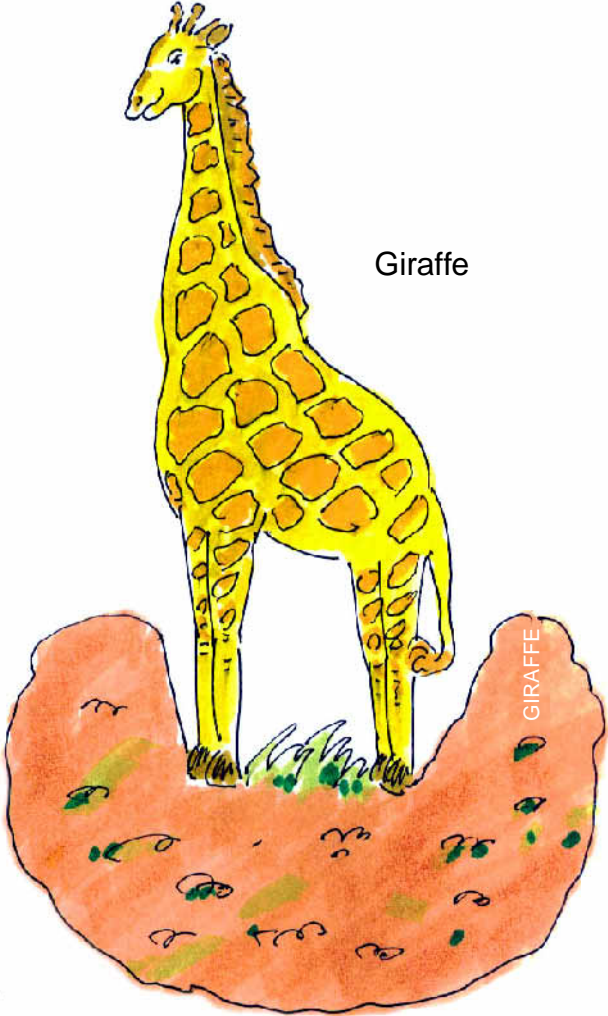

Print out this pattern, cut out the pieces, and assemble as shown in the diagram. It may be easier to cut widely each part, and then trim the parts carefully. Don't worry if you can't cut too closely around some of the fine details.

African elephant

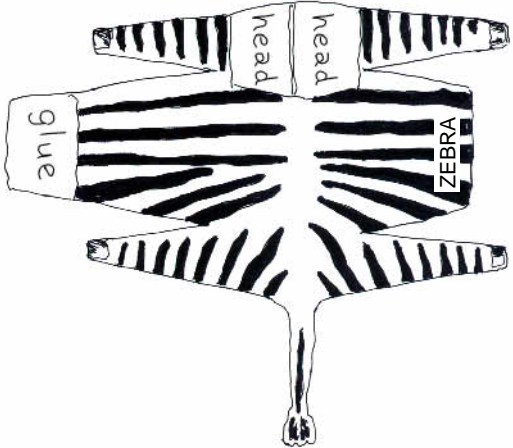

Giraffe

zebra herd

Zebra (body)

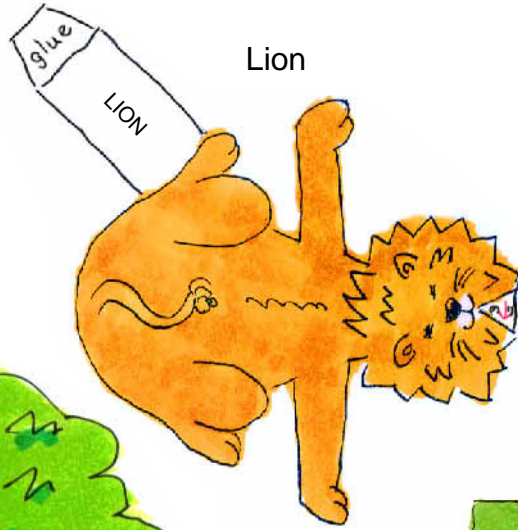

Zebra (head)

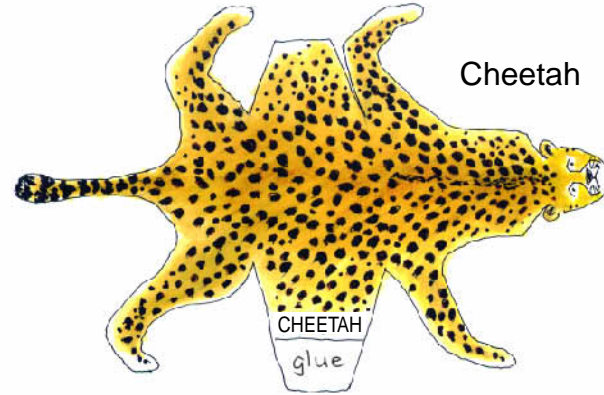

Lion cub

Lion

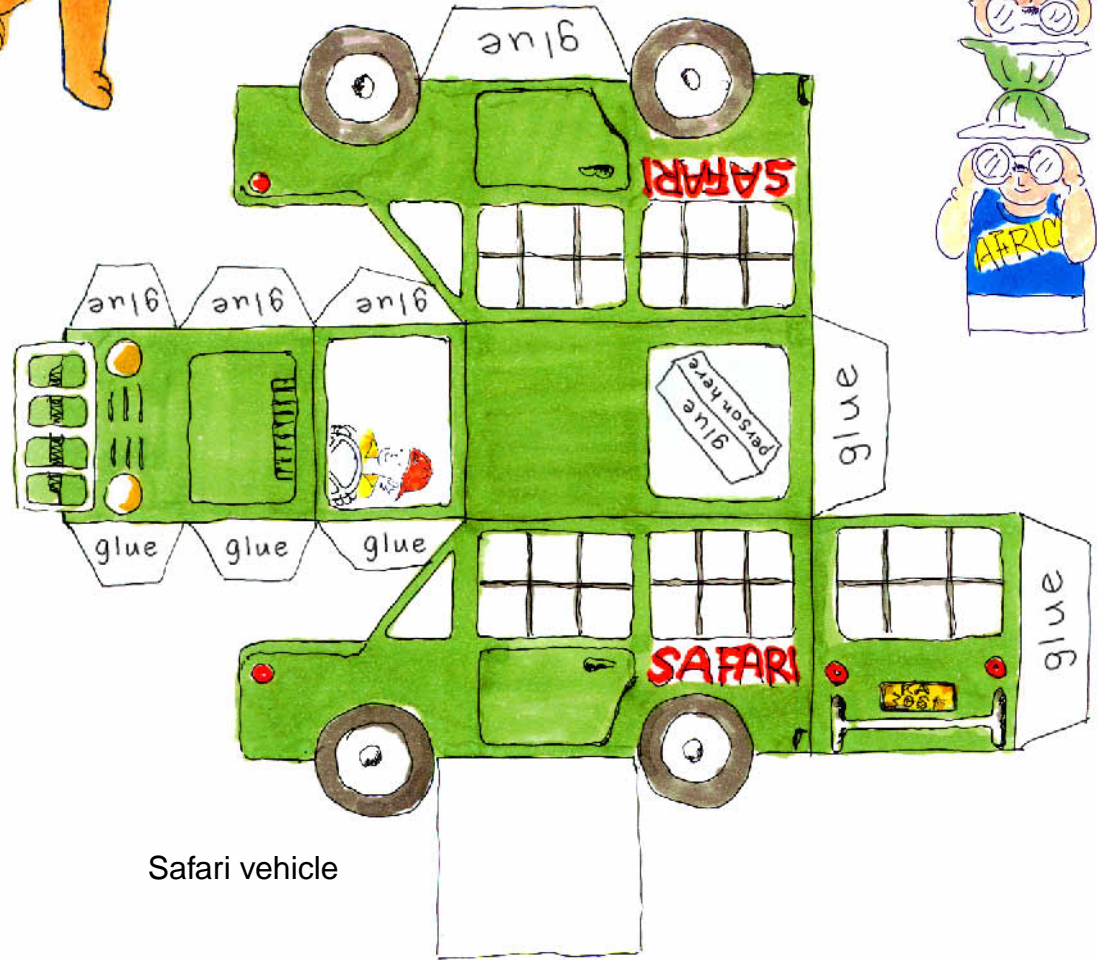

Cheetah
