

WINTER SPORTS AT LAURI SCHOOL

Pulkkamäki (Slide)

You can have fun together with friends.

It can be quite scary in PULKKAMÄKI
Here's the girls from PULKKAMÄKI

Kaukalopallo (rink bandy)

Rink Bandy is just like ice-hockey but
the puck is replaced by a ball.

Luistelu (Skating)

Skating is fun and athletic sport. You need a good balance to be able to skate with skill. Skating is like a dance. In Salo, we have also a skating group which includes many young girls from our school too. It's good to have a helmet because you can fall, and the ice is very hard.

Winter football on a heated football field

Icehockey

Ringette

Finnish girls play a lot of Ringette when it's winter. Ringette is played on the ice with skates. Girls are having a lot of fun while playing Ringette. Teamwork is important in Ringette

Ringette is played with an ice-hockey stick, but without a blade. The puck is a ring, and you have to take it forward to the goal. Then you get a point to your group.

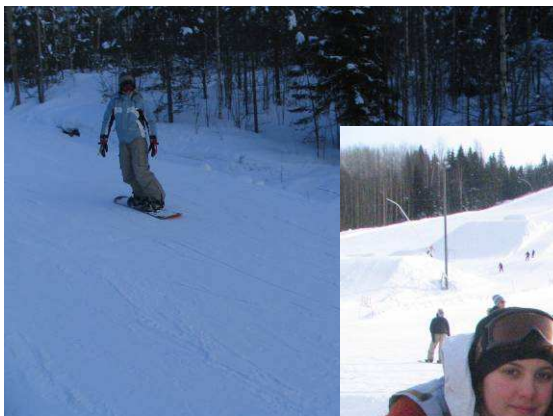

Lauri's School went to Himos- slalom slopes

It was a nice downhill skiing weather at Jämsä in the Himos skiingcenter. No one was feeling cold

Downhill skiing is a very popular Finnish wintersport

Everyone was having fun
